ABOUT ME

I am Junior Web Developer based in Murfreesboro TN. I am into all things Coding. I love challenging myself to learn something new whether it be people in the Nashville Development community or a new language or framework. When I'm not coding or going to meetups I spend my time with my wife raising our 4 amazing children.

WORK EXPERIENCE

APPRENTICE SOFTWARE DEVELOPER

Nashville Software School | 2016 - Present

Intensive full-time software development bootcamp focusing on C#/.Net development fundamentals and problem solving. The final three months of the program being executed in a simulated company environment with SCRUM methodology.

- Daily hands on application of OOP fundamentals through group and individual projects.
- Created single page applications in JavaScript in the Angular framework as well as HTML, CSS, Bootstrap, and Materialize.
- Worked with jQuery for JavaScript libraries.
- Deployed applications through Firebase, Heroku.
- Source code/version control with Git/GitHub.
- Project management/tracking with Trello and GitHub Issue Tracking.
- Solution Design: whiteboarding and wireframes.
- Created servers and RESTful API's with MVC.Net and Web API.
- Retrieved and stored database information in Firebase, and SQL; testing with Moq.
- Utilized Webpack to automate bundling of modules, JavaScript linting, and compiling Sass.
- Leveraged VMware for partitioning Mac and Windows environments to utilize Visual Studio 2015 IDE.

TECHNICAL SUPPORT SPECIALIST II

World Outreach Church, Prime Health Services | 2010 - Present

- Developed In house Dashboard.
- Created Android application.
- Developed application using C#, Javascript and SQL to display data in realtime to a company Dashboard.
- Created queries that pulled data from a SQL database.

EDUCATION

INFORMATION SYSTEMS

Middle Tennessee State University | 2015 - 2017
GPA 3.3
